TERMS OF USE

LUT Kyyti ride-sharing service

Date of issue: 24 October 2026

Version 0.2 – draft for review before the pilot.

These terms of use (“Terms”) apply to the LUT Kyyti ride-sharing service (kyyti.net, “Service”). By creating an account or using the Service, the user agrees to these Terms.

1. The Service

LUT Kyyti is a web service provided by LUT University that helps members of the LUT and LAB community share journeys: users can offer rides in their car, ask for a ride, and find company for journeys by train, bus, taxi or other means. Rides can be one-time or recurring, and can be shown to everyone or only to members of chosen groups.

LUT University only provides the platform. It is not a transport operator, taxi service or travel agency, and it is not a party to the arrangements made between users.

2. Who can use the Service

The Service is for staff and students of LUT University and LAB University of Applied Sciences. Users sign up with their own lut.fi or lab.fi email address and confirm it before using the Service. Each person may have only one account.

3. User accounts

- Users must give their real name and keep their information up to date.
- Users are responsible for keeping their password safe and for everything done with their account. Turning on two-step verification is recommended.
- Users can delete their account at any time on the profile page. Deleting it also deletes the rides they have posted, and the passengers of those rides are told.

4. Rides and requests to join

- A driver posts a ride with its route, times, number of seats and other details, and keeps them up to date. Changes are sent to those who have asked to join.
- A passenger asks to join a ride, and for a recurring ride chooses the days. The seat is confirmed only when the driver accepts the request.
- Drivers and passengers agree on the meeting point, exact times and other details directly with each other.
- If plans change, users withdraw their request, leave the ride or delete it as soon as possible, so that others can make other arrangements.

5. Costs

A driver may ask passengers to share the actual costs of the journey, such as fuel, and may state the price on the ride. The price must not exceed a fair share of the costs: the Service must not be used for transport for profit, which requires a licence under the Act on Transport Services (320/2017). Payments are agreed and made between users; LUT University takes no part in them.

6. Responsibilities of drivers and passengers

Drivers are responsible for:

- having a valid driving licence;
- using a vehicle that is roadworthy, inspected and insured;
- complying with traffic laws, and never driving under the influence of alcohol or drugs.

Passengers are responsible for being on time, telling the driver of changes in good time, and behaving appropriately during the journey.

7. Groups

Users can create groups and post rides only to them. The person who creates a group becomes its admin. Admins answer requests to join, can make other members admins, and can remove members and edit or delete the group. If a group has no admin who uses the Service, its longest-standing member becomes admin. Group names and descriptions must follow these Terms.

8. Content and conduct

Users are responsible for the content they add, such as ride notes, messages, group names and profile photos. It is prohibited to:

- give false or misleading information, or impersonate another person;
- use another person’s account;

LUT Group Confidential - Other information (3Y)

- offer transport for profit;
- harass, threaten or discriminate against other users, or post offensive content;
- share other people's personal data without permission, or use contact details obtained through the Service for anything other than arranging a ride;
- send spam or advertise;
- collect data from the Service by automated means, or try to get around its security or disrupt it.

9. Safety

Users agree on meeting points and arrangements before the journey and use their own judgement. The Safety page of the Service has guidance. In an emergency, call 112. Misuse and inappropriate behaviour can be reported through the contact form.

10. Limitation of liability

The Service is provided as it is. It is being piloted, and its availability, features and content may change or be interrupted. LUT University is not responsible for the conduct of users, whether rides take place, delays, cancellations, accidents, damage or disputes between users, or for indirect damage, to the extent permitted by law.

11. Suspension and removal

LUT University may remove content, and suspend or close accounts, that break these Terms or the law, or that endanger the Service or its users.

12. Privacy

Personal data is processed as described in the LUT Kyyti privacy notice, which is available in the Service.

13. Intellectual property

The Service, its software, design and content are owned by or licensed to LUT University, unless otherwise stated. Users keep the rights to the content they add, and allow it to be shown in the Service as they have chosen.

14. Changes to the Terms

LUT University may update these Terms as the Service develops. Users are told of significant changes in the Service. Continuing to use the Service after a change means accepting the updated Terms.

15. Governing law

These Terms are governed by the laws of Finland.

16. Contact

Questions about the Service and these Terms can be sent through the contact form: https://kyyti.net/contact.
